BRUNO FIRE DEPARTMENT NEWS

The Bruno Fire Department would like to remind everyone that spring is grass fire season. Be careful burning near dead grass, just the heat from a fire can start dead grass and weeds ablaze. Avoid open flames on windy days and never leave a fire pit unattended.

ST. THERESE NEWS

Greetings from St. Therese Institute,

We will be wrapping up a full third trimester of our "Springtime of the Faith" conferences this month. We're grateful that we could have guests come to join us for visits and for some of our conferences, including over 30 guests for our "Theology of the Body" conference on April 18-22. (It has been three years since we were able to have guests for our spring conferences.) The big event this month is our Commissioning celebration on Saturday, May 14. This is when Bishop Mark blesses our first-year students in a special way as they prepare to move on from their program at St. Therese. This year we will have our Commissioning Mass, banquet, and "Coffee House" celebration here at St. Therese. Following the Commissioning, we have a couple more weeks with the students, and then we will finish up our year at the end of May. It has been an excellent but challenging year in many ways. Our students and staff have risen to each challenge with God's help. We will finish our year with much gratitude to God and all our friends and supporters.

On behalf of everyone here, we wish you a very happy, healthy summer, and one with plenty of rain!

ANNOUNCEMENTS

With the return of warmer weather, the Town would like to encourage residents to get out and enjoy our parks and get some much needed fresh air after a long winter.

- Please be reminded, for everyone's enjoyment, to pick up after your pets if you have them out and about with you.
- Please remember to wear reflective clothing if walking later in the evening or early morning.
- Remember to try to avoid walking on Grid Road if at all possible—high traffic areas are not always the safest walking paths.
- Also please stay clear of construction zones both while out walking and when driving. Our town worker's safety is of utmost importance and extra traffic concerns only make their job harder and can cause delays.
