ST. THERESE NEWS

Cherries Are Here!

The St. Therese Institute U-Pick is now open — come and gather fresh cherries while they last! Whether you're planning to enjoy them now or stock your freezer for the year ahead, it's the perfect time to pick.

Where to Pick

Only the **back orchard** is open for U-pick this season. Access it from the **east edge of the cemetery**. To begin, stop by the **front door of the St. Therese Institute at 650 Ursuline Ave** to pick up your cherry pails. From there, follow the **marked walking trail** around the east side of the building — it's a pleasant five-minute walk to the orchard. Bring the whole family, or bring a date!

Cost and Payment

Cherries are **\$20 per pail**.

We use the **honor system** for payments:

Drop cash or cheque in the payment box at 650 Ursuline Ave

Or send an **e-transfer to office@sttherese.ca**

Why We Need Your Help

This summer, St. Therese Institute is hosting **six interns and one additional summer worker**. Thanks to their efforts, we're able to:

Paint interior rooms

Maintain our potato patch to help offset grocery costs

Staff major events like the Face to Face Ministries *Ignite Camps*

Support key positions, such as reception in the front office

Revitalize the flower gardens around the main building

Visit parishes across the Saskatoon diocese to raise awareness of our mission and programs

With all these pressing responsibilities, we don't have the capacity to properly manage, produce, and sell cherries at the level the orchards require.

Looking Ahead: Support the Orchard

We are seeking either a **new orchard manager** or **donor support** to fund dedicated orchard staff. You can donate at:

www.sttherese.ca/donate/

A Little Help from a Saint?

St. Teilo, a 6th-century bishop and abbot in Wales, is the patron saint of orchards. Given the miracles attributed to him, our cherry troubles in Bruno would surely be a light task.

So let's ask:

St. Teilo, please bring us a practical solution for our unprofitable orchards. Amen.

Help keep our land clean and safe.

Illegal dumping harms our environment, wildlife and communities.

What you can do:

- Dispose responsibly: Use designated waste disposal sites and recycling facilities.
- Don't burn waste: Burning plastic releases chemicals into the air we all breathe - causing long-term health problems.
